## 1. Executive Summary

### *Vision, The Problem as we See It, Theory of Systemic Change, Mission & Approach*

Teach For America works in partnership with urban and rural communities in more than 50 regions across the country to expand educational opportunity for children. Founded in 1990, Teach For America recruits and develops a diverse corps of outstanding leaders to make an initial two-year commitment to teach in high-need schools and become lifelong leaders in the effort to end educational inequity. Today Teach For America is a force of nearly 60,000 alumni and corps members committed to profound systemic change. From classrooms to districts to state houses across America, they're reimagining education to realize the day when every child has an equal opportunity to learn, to grow, to influence, and to lead.

#### **OUR VISION:**

One day, all children in this nation will have the opportunity to attain an excellent education.

#### **THE PROBLEM AS WE SEE IT:**

Potential is equally distributed across lines of race and class, but opportunity is not. Today in America, the circumstances of children's births predict the opportunities they have in life. Children growing up in historically marginalized and disenfranchised communities lack access to a broad spectrum of resources and opportunities, and attend schools that are not equipped to meet their unmet needs. This disproportionately impacts children of color, who are more than two times more likely to be born into poverty, who bear an additional burden of low expectations and other biases stemming from institutional racism, and who now constitute nearly half of all children in American public schools. Our public education system, which has remained largely unchanged for 100 years, is not designed to give students agency to overcome the barriers they face to lead and shape the dynamic, global world into which they will graduate.

#### **A THEORY OF SYSTEMIC CHANGE:**

Solving this problem will take many interventions from many directions over a prolonged period of time: no single solution is sufficient to bring about an equitable and excellent education for all children. Our mission and approach draws on three lessons from enduring systems-change efforts throughout history. First, change requires sustained leadership inside and outside of the system challenging conventional wisdom and the status quo by demonstrating what's possible. Second, change requires a broad and diverse coalition of people united around common purpose and shared values, working together to translate insights from proof points of possibility into policy and practice. Third, the effort must be shaped by those most directly impacted by the injustice, and led by those with personal proximity to the problem and its complexity.

#### **OUR MISSION:**

Teach For America finds, develops, and supports a diverse network of leaders who expand opportunity for children from classrooms, schools, and every sector and field that shapes the broader systems in which schools operate.

#### **OUR APPROACH:**

1. **We find promising leaders:** The questions underlying educational inequity demand the imagination and sustained focus of our nation's most promising leaders. We recruit outstanding and diverse leaders early in their careers, who have demonstrated evidence of the values and leadership necessary to expand opportunity and access for all children inside and outside of the classroom. We ask leaders to make a lifelong commitment that begins with two years' teaching in a public school, partnering with children and families most acutely impacted by educational inequity.
2. **We develop and cultivate the leadership skills and mindsets necessary for systems change through classroom teaching:** We develop leaders who go beyond traditional expectations to advance the academic and personal growth of their students and help to strengthen their schools. In doing so, they expand their perspectives, knowledge, and skill as educators, advocates, and systems change leaders. Great teaching is necessary to ensure children realize their potential and have the full agency they need and deserve in life. Teaching is also a profound act of leadership, and foundational for courageous individual and collective leadership in the long fight for educational equity and excellence. In partnership with schools, families, local universities, other organizations, and businesses in the community, we provide initial training, ongoing professional development, and access to an unparalleled resource and support network.
3. **We support the individual and collective leadership, relationships, and learning of those in our network throughout their lifetime:** Throughout their lives, as their careers take shape, we help alumni connect with each other and with critical opportunities to continue to grow and learn in pursuit of collective impact. Informed and inspired by their students, many alumni choose to teach in high-need schools and communities beyond their two-year commitments. Others lead from many sectors that shape the context and conditions in which schools operate: they are school and district leaders; policy makers; founders of advocacy organizations; social entrepreneurs; and business, philanthropic, and civic leaders working to make change.

Our first regions in Texas, Houston and the Rio Grande Valley, were founded in 1991; in 2009 we launched in Dallas and expanded into Fort Worth in 2010. Additionally, in 2010 we also launched in San Antonio. Austin, while not a formal Teach For America region, has a network approaching 700 alumni of our organization. In total, the Teach For America network in Texas is approaching 4,500 members, with

over 2,100 classroom teachers impacting nearly 140,000 high needs students, and another 750 K-12 employees (counselors, campus leaders and district administrators) leading and supporting schools.

The Texas Higher Education Coordinating Board has recently completed its long term strategic plan, which notes: “By 2030, Texas will need approximately 60 percent of its 25- to 34- year-old workforce to hold a postsecondary credential. . . However, the state’s 25-34 year olds are increasingly Hispanic, and the inclusion of underrepresented student populations, such as Hispanics and African Americans, in higher education will be critical to this plan’s success.”<sup>2</sup> Currently, the state’s highest need populations are the furthest away from this goal, and lag behind the state average of 20% degree/certificate completion:

- White: 29%
- African American: 13%
- Hispanic: 13%
- Economically Disadvantaged: 10%

If the state is to reach these ambitious and deeply meaningful goals, we need as much top human capital working in education as possible.

**Our unique role:** There are numerous important efforts happening to address the injustices facing America’s children growing up in poverty, and we strive to be a key partner among many. Teach For America aims to contribute additional leaders to the growing movement to end educational inequity. Our commitment starts with developing teacher leaders who offer their students the opportunity to attain an excellent education and continues through the work our alumni pursue across education and related fields. We drive change through leadership, ultimately with and for the sake of our students, both inside and outside the classroom. We believe that this is a unique and important role to play and our efforts, alongside many others, will enable us to reach our vision of educational excellence and equity in our lifetime.

### *Timeline of Activities*

Figure 1 highlights the timeline of activities described in this report:

**Figure 1: Timeline of Activities**

Activity	Timeframe
<ul style="list-style-type: none"><li>• Yearly (minimum) stakeholder meetings with superintendents, heads of human resources/human</li></ul>	<ul style="list-style-type: none"><li>• Summer/Fall 2017</li><li>• Ongoing</li></ul>

### Summary of Activities

The activities we pursued to meet the expectations of our appropriation can generally be divided into those that are common across our four Texas regions, and those that were pursued specifically in a single Texas region. The specific initiatives that each regional operation pursued are described in further detail below, in the “Region-Specific Activities” portion of Section 2: Efforts to Improve Retention in Public Education

**Figure 2: Summary of Activities**

Common Activities
<ul style="list-style-type: none"> <li>Ongoing Meetings with Superintendents/Human Resource Directors in Partner Districts</li> </ul>
<ul style="list-style-type: none"> <li>Ongoing meetings with Campus Principals/Administrators</li> </ul>
<ul style="list-style-type: none"> <li>Coordination with Alternative Certification Providers/Educator Preparation Programs</li> </ul>
<ul style="list-style-type: none"> <li>Open Door Policy for Teach For America Professional Development</li> </ul>
<ul style="list-style-type: none"> <li>School Systems Leaders’ Summit</li> </ul>
Region-Specific Activities
<ul style="list-style-type: none"> <li>Dallas – Fort Worth <ul style="list-style-type: none"> <li>Alumni Teacher Engagement Campaign</li> <li>Partnership with Teaching Trust</li> <li>Variety of Professional Development Initiatives</li> <li>Southern Methodist University Partnership</li> <li>Texas Wesleyan University Partnership</li> <li>Influencing Alumni Talent Initiative</li> <li>Alumni Appreciation Initiative</li> </ul> </li> </ul>
<ul style="list-style-type: none"> <li>Houston <ul style="list-style-type: none"> <li>Alumni Teaching Professional Development &amp; Networking events</li> <li>District Level Leadership Professional Development</li> <li>Aspiring Superintendent Cohort</li> <li>Leadership Opportunities, Awards &amp; Service Acknowledgements</li> </ul> </li> </ul>

<ul style="list-style-type: none"> <li>○ Partnership with Leadership for Educational Equity &amp; Other Advocacy Based Organizations</li> </ul>
<ul style="list-style-type: none"> <li>● Rio Grande Valley           <ul style="list-style-type: none"> <li>○ Specialized PLCs for Alumni</li> <li>○ Annual Alumni Summit</li> <li>○ Alumni Social Opportunities</li> <li>○ Alumni Advisory Board</li> <li>○ Transformational Teaching Cohort</li> <li>○ Targeted Activities for Second Year Teachers</li> </ul> </li> </ul>
<ul style="list-style-type: none"> <li>● San Antonio           <ul style="list-style-type: none"> <li>○ Partnership Meetings</li> <li>○ Professional Development Cohorts</li> <li>○ Leadership Awards &amp; Funding Resources</li> <li>○ Competency &amp; Values Development</li> <li>○ Educator Appreciation Month</li> <li>○ Director, of Alumni Impact (FTE)</li> </ul> </li> </ul>

## 2. Efforts to Improve Retention in Public Education

### *Regional & Comparative Data*

In 2016, we contracted with two different firms to analyze and compare teacher and educator retention among Teach For America teachers and other teachers in the same school districts.

First, a partnership with the Center for Research, Evaluation and Advancement of Teacher Education based at the University of Houston provided information regarding teacher retention rates in the school districts that Teach For America partners with in Texas. CREATE has reviewed teacher retention rates for all teachers new to each district Teach For America partners with in Texas for the years 2010 – 2015.

**Figure 3: Comparative Retention Data in School District Partners of Teach For America**

Cohort	2 Year Retention Rate	3 Year Retention Rate
2014 cohort Teach For America teachers in Texas <sup>3</sup>	85%	56%
2010-2011 all new teachers in TFA partner districts <sup>4</sup>	81%	61%

<sup>3</sup> Source: Regional Tracking Tool

<sup>4</sup> Source: Center for Research, Evaluation and Advancement of Teacher Education, Houston University, Report to Teach For America, July 21, 2016.

Second, we commissioned an evaluation by American Institutes of Research<sup>5</sup> which found that Teach For America teachers:

1. Are increasingly diverse (p. 6);
2. Serve in harder to fill positions than their peers (p. 4);
3. Remain teachers in their initial district at higher rates than their peers (p. 7);
4. Remain teachers through two years at higher rates than their peers (p. 7);
5. When they move districts, they move to districts with higher rates of economically disadvantaged students, higher rates of non-white students and higher rates of English language learners than their peers (p. 18);
6. Are remaining teachers in Texas public schools at increasing rates (p. 13);

The AIR study is limited in that it:

1. Was unable to locate any Teach For America alumni from the 2010 – 2013 cohorts who have remained employed in Texas public schools in a non-teaching position (instructional coach, counselor, assistant principal, principal, central office roles, etc.) – which could be as high as 290 educators<sup>6</sup>.
2. Does not include any Teach For America teacher who began teaching in Texas from 1991 - 2009, or after 2013 - upwards of 650 educators, over 400 of which are teachers<sup>7</sup>.
3. Does not include any Texas teacher or K-12 employee who began teaching in another state and moved to Texas - upwards of 400 educators<sup>8</sup>
4. Does not consider the factors that influence TFA and non-TFA teachers decisions to leave their initial district or teaching, which is a challenge for the sector overall.

Further, the study does not account for the variety of innovations that Teach For America regions in Texas have developed in the past three years to encourage and support alumni to remain in the classroom and remain public school employees in other capacities, described in detail in the next section. These innovations include:

- Fellowships and professional development for 3+ year experienced teachers, including cohorts of teachers pursuing certification through the National Board for Professional Teaching Standards;

---

<sup>5</sup> [http://tiny.cc/air\\_tfatz](http://tiny.cc/air_tfatz)

<sup>6</sup> Source: Teach For America alumni database

<sup>7</sup> Source: Teach For America alumni database

<sup>8</sup> Source: Teach For America alumni database

- Partnerships with graduate schools like SMU, Johns Hopkins and Rice University, and with non-profits like The Teaching Trust;
- Partnerships with school districts across the state, to expand our professional development offerings to other teachers.

Most recently, we have captured information for our 2016 cohort in Texas, with a specific focus on those who plan to remain teaching or employed by a K-12 public school in Texas in the 2018-2019 school year, as well as analyzed our alumni database for all alumni living in Texas, looking for those who remain classroom teachers and those who remain employed in K-12 public education.

**Figure 4: Teach For America 2016 Cohort Retention**

Measure	Result
2016 cohort Teach For America teachers in Texas who finished their two year teaching commitment (i.e. 2 year retention rate) <sup>9</sup>	361 teachers completed their two year commitment (85% of 426 who started teaching in 2016)
2016 cohort Teach For America teachers in Texas who will remain in K-12 education in Texas in 2018-2019 (i.e. 3 year retention rate) <sup>10</sup>	286 of these teachers will continue in K-12 education in Texas, of which 171 will remain at the same campus (67.1% of 426 who started teaching in 2015)

**Figure 5: Teach For America Alumni in Education**

Measure	Result
Number of Teach For America alumni who were classroom teachers in Texas in 2017-2018 <sup>11</sup>	~1,450 (ranging in experience from 3 years to 27 years)
Number of Teach For America alumni who were K-12 employees in Texas in 2017-2018 (excluding classroom teachers) <sup>12</sup>	~775 (including instructional coaches, counselors, deans/assistant principals, principals, district staff and superintendents)

In summary, we see a significantly higher level of retention into a third year among our 2016 cohort, at 67%<sup>13</sup> compared to the retention into a third year among our 2014 cohort, which we reported on in the

<sup>9</sup> Source: Regional tracking tool

<sup>10</sup> Source: Regional tracking tool

<sup>11</sup> Source: Teach For America alumni database

<sup>12</sup> Source: Teach For America alumni database

<sup>13</sup> Source: Regional Tracking tool

fall of 2016, at 59%<sup>14</sup>. Data from the AIR evaluation show the three year retention rate of our 2013 cohort at 55%<sup>15</sup>.

Lastly, we should note that Teach For America continues its recent focus on teacher force diversity, which was noted by the final report from The American Institutes note above. Compared to the entire teacher workforce in Texas in 2016-2017 (the most recent year available), the Teach For America teachers in 2016-2017 were more diverse, and more closely mirrored the changing demographics of our state.

**Figure 6: Teacher Workforce Diversity, 2016-2017**

Demographic	Texas Teacher Workforce, 2016-2017 <sup>16</sup>	Teach For America, 2016 Texas Cohort <sup>17</sup>	Texas Student Population, 2016-2017 <sup>18</sup>
White	60%	38%	28%
Hispanic	27%	25%	52%
African American	10%	18%	13%
Non-White Other	3%	18%	7%

### *Common Activities*

These activities **are in addition to the “Common Activities” previously articulated in our prior report to the Texas Education Agency in November 2016<sup>19</sup>.**

1. School System Leader’s Summit:

- a. In March 2018, we brought together nearly 50 TFA alumni from across Texas who hold a variety of campus and district leader roles, and who all have expressed interest in continued district leadership opportunities.
- b. We had four key objectives:
  - i. Re-connect to Teach For America’s mission and the “why” behind our work
  - ii. Develop individual and collective leadership skills through the human-centered design thinking process
  - iii. Expand your network of leaders across the Texas regions for future collaboration

<sup>15</sup> [http://tiny.cc/air\\_tfatx](http://tiny.cc/air_tfatx), p. 25

<sup>16</sup> <https://rptsvr1.tea.texas.gov/perfreport/tapr/2017/state.pdf>, p. 21

<sup>17</sup> Teach For America Application Data, 2014 & 2015

<sup>18</sup> <https://rptsvr1.tea.texas.gov/perfreport/tapr/2017/state.pdf>, p. 18

<sup>19</sup> <http://tea.texas.gov/WorkArea/DownloadAsset.aspx?id=51539611216>, p.18-19

- iv. Create and build collective impact by problem solving current challenges facing education in Texas
- c. Three main avenues of Engagement:
  - i. On Friday evening, Martin Winchester, Deputy Commissioner of Educator Support, and TFA RGV Corps 1995, hosted a panel of current and former superintendents who spoke to their own career trajectories, the opportunity for impact as a superintendent and how they approach their work.
  - ii. On Saturday, participants took a course on Human Centered Design processes and mindsets, taught by Katie Krummeck and Gray Garmon from Southern Methodist University (<https://www.smudesigninnovation.net/team/>).
  - iii. On Sunday, staff from the Texas Education Agency, led by Martin Winchester, Deputy Commissioner of Educator Support, and TFA RGV Corps 1995, presented a central challenge in their work: reducing by half the number of “Improvement Required” schools in Texas by 2021-2022. Then, our participants were led through the human centered design process to help develop potential solutions to supporting principals who are leading these turnaround efforts. TEA staff were participant observers and plan to use this experience to inform their turnaround support strategies.
- d. Outcomes
  - i. 78% of participants reported that the learning experience with SMU “helped me think differently about how to best solve human-centered design problems in my work.”
  - ii. 88% of participants reported that the problem solving protocol on Sunday “made me feel part of the larger movement to ensure that one day all children in Texas attain an excellent education.”
  - iii. 88% of participants reported “I found this summit experience useful to my development as a leader.
  - iv. 66% of participants reported greater interest in pursuing a superintendent or equivalent role as a career.
- e. A few open ended comments from participants:
  - i. “Loved learning about design thinking and learning about the great things going on at TEA. It gives me hope. I also enjoyed being mixed with other leaders in different regions to build connections.”
  - ii. “I really enjoyed this weekend and I’m so happy that TFA is thinking long term development for us alumni that are in Ed leadership positions.”
  - iii. “With the how busy our days are, it is easy to get tunnel vision or feel alone in the work. The event allowed me to connect or reconnect with people. This energized me to continue the work.”

## *Region Specific Activities*

Regions have developed and implemented a variety of activities to promote retention in teaching and education among current corps members and alumni.

### **Dallas – Fort Worth**

1. Alumni Teacher Engagement Campaign:
  - a. Central to our teacher retention efforts in DFW are monthly email updates about upcoming professional development opportunities, networking opportunities and general information on resources for teachers.
  - b. The engagement campaign in DFW includes cold calling and texting alumni teachers to:
    - i. set up coffee or phone chats,
    - ii. invite to socials,
    - iii. coach on career acceleration,
    - iv. influence them to participate in professional development,
    - v. And, strengthen the connection between alumni teachers and Teach For America staff and the connection with other alumni teachers.
2. Partnership with Teaching Trust:
  - a. Our DFW team has developed a robust partnership with The Teaching Trust that is open to both teachers and those looking to step into the school leadership pipeline.
  - b. Ed Fellows is open to teachers with at least two years of experience, and while it is not exclusive to Teach For America participants, roughly 40% of the fellows are TFA alumni. Further, The Teaching Trust expanded the size of the cohort knowing that TFA alums were a strong pool of likely applicants.
  - c. This partnership also includes a five year principal fellowship, known as the Aspiring Leaders Program, and many applicants to this fellowship are classroom teachers at the time of their application. On average over 40% of each cohort is composed of TFA alumni.
3. Professional Development Initiatives:
  - a. Professional Readiness Career Support: We:
    - i. Hosted monthly professionalism and networking trainings for all alumni in education (i.e. resume & cover letter workshops, interviewing skills, mock interviews, etc.),
    - ii. Provided resume and cover letter support to alumni on an as needed basis,
    - iii. Provided one-on-one career coaching for alumni and talent matching.
  - b. Classroom Teacher Development: We:
    - i. Designed a new, year-long or semester professional learning experience for alumni team leads, grade level chairs, content team leads and other teacher leaders.

- c. Mid-Level and School Leader Development: We:
  - i. Planned and executed a year-long professional learning experience for alumni school leaders and mid-level leaders,
  - ii. Identified and coordinated executive coaching for school leaders and assistant principals,
  - iii. Designed and coordinated school visits and networking opportunities for alumni leaders.
  - iv. Sponsored alumni to attend national TFA development opportunities such as:
    - 1. Schools to Learn From
    - 2. Deloitte Courageous Principal's Academy
    - 3. The School Leaders of Color Conference
- d. School Systems Leader Development: We:
  - i. Planned, coordinated and executed professional development opportunities for junior, mid-level and senior alumni staff.
- e. Teaching Trust's Ed Fellows Program:
  - i. This yearlong professional development series for TFA alumni and non-TFA educators in DFW met once a month for four hours from August through May and also included a week long Summer Intensive in July. The main focus of this series was instruction and peer leadership.
- 4. Southern Methodist University Partnership (for Dallas County based educators):
  - a. Through SMU, there are multiple teaching growth opportunities for Teach For America teachers.
  - b. The Master's in Education program includes discounted tuition for TFA members.
  - c. Additionally, if a teacher pursuing a master's at SMU has been certified through SMU, they will receive a benefit of 18 credit hours towards their degree.
  - d. If a teacher pursuing a master's at SMU has not been certified through SMU, but they are a member of Teach For America, they will receive 6 credit hours towards their degree.
- 5. Texas Wesleyan University Partnership (for Fort Worth based educators):
  - a. Through TWU, there are multiple teaching growth opportunities for Teach For America teachers.
  - b. The Master's in Education program includes discounted tuition for TFA members.
  - c. Additionally, if a teacher pursuing a master's at SMU has been certified through SMU, they will receive a benefit of 18 credit hours towards their degree.
  - d. If a teacher pursuing a master's at TWU has not been certified through TWU, but they are a member of Teach For America, they will receive 6 credit hours towards their degree.
- 6. Influence alumni talent
  - a. Teacher Recruitment: We:

- i. Recruited alumni nationally for teaching positions throughout DFW and connect them with partners looking to hire TFA talent,
    - ii. Led a resume collection drive for alumni looking to teach in partner districts/schools.
  - b. Principal Pipeline Recruitment: We:
    - i. Collaborated with established partners to increase number of alumni in school leadership pipelines (Teaching Trust, SMU, Texas Wesleyan, UNT-Dallas, TCU),
    - ii. Recruited alumni locally and nationally to enter local school leadership pipelines by executing one-on-one prospecting meetings, medium sized events and application/coaching workshops.
  - c. Alumni School Leader Recruitment: We:
    - i. Executed a national recruitment weekend for aspiring and current alumni school leaders from other regions known as, the “Destined for DFW” weekend, in service of our district partners.
    - ii. Launched a resume collection drive for TFA educators looking to become assistant principals and/or principals.
    - iii. Hosted hiring fairs with local partner districts interested in interviewing and hiring TFA alumni for leadership roles on their campus.
- 7. Alumni Appreciation Initiative:
  - a. Our DFW staff provided gifts each semester to all alumni working on K-12 campuses to express gratitude and offer encouragement for their continued work in education.
  - b. DFW staff hosted an event for alumni teachers to appreciate and care for educators through a night of mindfulness meditation, food, yoga and raffles.
- 8. Looking Ahead:
  - a. Alumni Engagement
    - i. The DFW region plans to continue visiting campuses where there are clusters of alumni teachers and consider expanding to other campuses. This strategy is an effective way to meet a large segment of alumni teachers and to see them in their element (and it has only been met by positive reactions).
    - ii. The DFW region will connect with alumni who have participated previously in professional development opportunities as they tend to be more responsive and willing to volunteer or engage in other ways.
  - b. Alumni Appreciation
    - i. The DFW region will continue to host events to appreciate and build community among TFA teachers throughout DFW.
    - ii. TFA teachers will also be appreciated through nominations for local, state and federal educator awards.
  - c. Professional Development Opportunities
    - i. As the DFW team plans for the next year of programming, they have identified

some key lessons for future efforts.

1. Large conferences are one of the most in-demand kinds of support from alumni teachers and have garnered the highest participation rates the past,
2. Leverage professional development being put on by our Corps Program Team to include and be relevant for alumni teachers,
3. Leverage conferences led by partner organizations such as Teaching Trust or The Momentous Institute,
4. Contract with experts and other TFA alumni to provide the professional development opportunities that teachers want most,
5. Ensure that all TFA professional development can count for CPE (Continuing Professional Education) to create a more tangible value add for teachers,
6. Consider stipends or other benefits as well.

## **Houston**

### **1. Alumni Professional Development:**

- a. The Houston region has pursued a variety of activities designed to extend the professional development offerings and opportunities for alumni teachers (i.e. those in their third year of teaching and beyond).
- b. We partnered with local non-profit FuelEd, who provides training and support for teachers to understand how socio-emotional learning affects academic learning. The organization provided training and ongoing 1:1 support with alumni who attended their workshop in partnership with Teach For America.
- c. We also worked with Elena Aguilar (Art of Coaching) and The Management Center, two professional development organizations to provide development for sitting school leaders and instructional coaches with the goal of increasing sustainability and effectiveness in their roles.
- d. Given that we believe it is equally critical to engage alumni outside of education in the mission of education, we hosted Teach For America Week, where alumni in the private/non-education sector visited classrooms and taught lessons relevant to their career for the sake of exposing children to their professions and the benefit of education.

### **2. District Level Leadership Professional Development**

- a. In an effort to provide professional development (sharpening) opportunities to alumni at every stage, this year Houston, along with the other Texas regions, hosted the School Systems Leaders' Summit in Austin. At this summit, we convened our mid to senior level district leaders for two day of professional development.
- b. As a result of that summit, Houston will be launching an Aspiring Superintendents Cohort to provide alumni the skills and connections needed to pursue and assume the most senior district level leadership positions.

3. Leadership Opportunities, Awards, & Service Acknowledgements
  - a. We continue to believe deeply in the power of our alumni to influence the teaching of our current corps members while also expanding their leadership capacity. Given these, we recruit alumni teachers and school leaders to develop and facilitate professional development for incoming corps members during institute and for 1<sup>st</sup> and 2<sup>nd</sup> year corps members during the school year. This development consists of both content and values-based development.
  - b. In addition to our continued partnership with the Kinder Foundation, where we recognize alumni for excellence in and commitment to teaching in the greater Houston Area, we also prioritized seeking out and nominating our alumni for other awards. This year, we had alumni teachers win recognitions from Humanities Texas and ConocoPhillips. For the first time, we also had an alumni-led school be selected as one of Teach For America's Schools to Learn From, in which the school was highlighted for its work, visited by participating school leaders, and awarded \$5,000 for professional development for its teachers. In the coming year, we will continue to pursue opportunities that highlight the impact of our alumni.
4. Partnerships with Leadership for Educational Equity and other Advocacy Based Organizations:
  - a. Teach For America - Houston has developed a formal partnership with Leadership for Educational Equity (LEE), an organization that focuses on advocacy in education and continues to provide opportunities for our alumni to engage in ways beyond at the school level.
  - b. We have worked to develop six senior Policy and Advocacy leaders who are working to build their own organizations focused on specific needs in their educational communities.
  - c. In addition to advocacy-based organizations: alumni-led Houstonians for Great Public Schools (Houston GPS) and Leadership ISD, who focus on educating parents and the broader community on the roles they can play in improving the state of education in Houston, we've also had alumni join the staff at Children-At-Risk. We leverage those relationships to educate our own base via lunch and learns and other opportunities. Teach For America Houston partners with these programs by funneling alumni with interest in these areas to these organizations, co-hosting community events and sitting on panels lending our voice to the conversation.
  - d. Winford Adams was elected to the Spring ISD school board, joining the ranks of Erica Lee on the Harris County Board of Education, along with Anne Sung and Holly Marie Flynn Vilaseca Ocampo who are both Houston ISD Trustees.
  - e. ONE Houston launched in the spring of 2015 and fueled by alumni, continues to tackle issues that act as barriers to equality and underachievement. This year, in partnership with Teach For America alumni, the organization rallied behind issues of immigration.

## **Rio Grande Valley**

1. Specialized PLCs for Alumni
  - a. During alumni focus groups and 1x1 conversations over the course of 6 months, alumni

continually expressed a desire to know their own leadership and journey with other alumni so that they can begin fostering connections here in the Valley. As a regional team, we began to strategize on the most effective way to go about this and ended up determining that a monthly PLC with targeted alumni attention would be the most helpful and effective way to foster these connections and development.

- b. Beginning in the 2018-2019 school year, our Alumni will begin engaging in a PLC pilot which will focus on 1) Knowing and Charting your Course PLC and 2) Accelerating your Course PLC.
- c. In total, 15-30 alumni will engage in the one of the PLCs and work towards deepening their impact and understanding their career pathways.
- d. Opportunities, fellowships, and specific community connections will be provided to all participants.

## 2. Annual Alumni Summit

- a. We hosted our first ever regional alumni summit in April with the participation of approximately 50 alumni and 2<sup>nd</sup> year corps members.
- b. 92% of participants indicated the summit was a good use of their time.
- c. Alumni connected with leaders in the Rio Grande Valley and formed connections between their own leadership trajectory and broader initiatives in the Valley. Through being a part of this space, alumni fostered connections and were inspired to continue their work.
- d. After our inaugural summit, alumni comments primarily reflected a desire for more time together and more time to engage in collective problem-solving. They enjoyed the social aspect and establishing or strengthening professional relationships. Next year, we will extend the time of the summit and create additional spaces for relationship building and collaboration.

## 3. Alumni Social Opportunities

- a. Continuing into 2018-2019 year alumni will have a range of social opportunities to continue to connect with other alumni.
- b. The Alumni Board will host 3 different socials per year, the first being the Back to School BBQ.
- c. We aim to have at least 50% of alumni participate in at least one of our alumni social opportunities.
- d. Alumni have typically enjoyed our Back to School BBQ but more opportunities are needed for the upcoming year in order to provide deeper connections for alumni to find community with each other. Both social and personal networks are largely determined by time spent in proximity and when sharing mutual interests. It will be important to broaden the opportunities provided to allow alumni to engage with each other.

## 4. Alumni Board Participation & Impact

- a. The 2018-2019 school year will begin the 3rd year of our alumni board where over 10

alumni will meet six times per year with the intention of organizing a more dynamic alumni force.

- b. The alumni board will actively view our survey data from Corps and Alumni Learning Index and Net Promoter Score, as well as participation of feelings of Teach for America of our alumni.
- c. Alumni board will focus on organizing a total of 3 social events, communication with our alumni, and deepening the impact of our alumni force.
- d. Our alumni board grew to 11 members for the 2017-18 school year and this year we seek to grow its impact and engagement. We have determined the importance of a clear division of responsibilities and communication, prompting us to create clear roles and titles for our alumni board for the following year as well as clear expectations for participation. Our new Alumni Board Chair will send communications, fostering a deeper connection between alumni.

5. Targeted Activities for Second Year Teachers:

- a. In prior years, our Director of Alumni Affairs met with each of our second year corps members either individually or in small groups to discuss their career trajectory and options for future years. In 2017-2018, our coaching staff conducted these meetings given their proximity to the corps members relationally. The information was consolidated and used to strategically map and plan out transition plans for our 2nd year CMs for the following year.
- b. During these transition conversations and meetings, our staff make connections with people and resources that can be useful and influential in keeping our rising alumni in the field of education. Additionally, these conversations provide feedback on our programming structures, experiences of people in different schools and districts, and overall sentiment regarding teaching and school employment for the long term – all of which we use to inform our programs in the coming year.
- c. 2nd years Corps Members will be given training throughout the year to consider their course for next year (Chart your Course PLC) as well as transition strategies such as resources and connections to specific community-connections as the year begins to conclude for the 2019 school year.
- d. During the 2018-2018 school year, we will provide differentiated professional development to further develop leadership skills of our 2<sup>nd</sup> year corps members. We contracted with expert local facilitators to provide this skill-based development which is applicable to teaching as well as other potential, future career options.
- e. We regularly contract with alumni teachers as leaders of a variety of professional development structures that are a requirement of our program for first and second year teachers. Alumni lead the following professional development groups:
  - i. Content Seminars:
    - 1. Math

2. Science
3. English Language Arts & Reading
4. Social Studies
5. Elementary

7. Alumni program innovations

- a. The 2018-2019 school year will mark the first year that alumni will be able to access resources and tools through the Prism network initiative where alumni will engage with each other.
- b. The Prism network will host a summit for the 2018-2019 school year for educators and allies of the LGBTQ community on how to foster an LGBTQ-inclusive community. This will work to provide a deeper connection and community in the RGV for LGBTQ teachers/leaders and allies.
- c. The Prism network will have one staff person and one alumni board member that consistently attend meetings to best allow for alignment between our alumni initiatives.

8. Director of Alumni Affairs

- a. Over the course of the 2017-2018 year, the team under the direction of the Director, Alumni Affairs began developing an alumni vision that focused on individual alumni meetings, focus groups, and an intense reflection process.
- b. Key elements of the vision will focus on the importance of CM & alumni retention into the following year including a deeper understanding of the reasons why alumni transition in and out of education and the Rio Grande Valley.
- c. During the 2018-2019 school year, the Director of Alumni Affairs, will begin targeting actions with our new and comprehensive alumni vision.

**San Antonio**

1. Partnership Meetings:

- a. In San Antonio, the regional team is working to go even deeper in partnership conversations with their local district partners. In the 2016-2017 school year, the regional head of program conducted monthly meetings with central office teams, with a key focus on developing and updating school-by-school projections of the retention status of all Teach For America teachers. In 2017-2018, these meetings shifted especially within SAISD (where the majority of our corps members are placed) to outline a clustering approach such that more CMs & Alumni are strategically placed on prioritized campuses. In 2018-19, these meetings will be run by the newly formed role: Managing Director of External Partnerships These monthly meetings are informed by the ongoing engagement happening at the campus level, where the responsible Teach For America staff and campus assigned partner discuss the status of each Teach For

America teacher on that individual campus.

2. Professional Development Cohorts:

- a. The San Antonio regional team convened multiple cohorts for teachers and school leaders to grow and develop their professional skills.
- b. National Board Certification Fellowship:
  - i. This fellowship invests over \$8,000 to pay for the cohort leader and mentors and the certification fees for the eligible alumni.
  - ii. We currently have 2 candidates and are beginning to engage 3 pre-candidates. One teacher achieved certification during the fiscal year.
  - iii. The NBC cohort meets monthly at the TFA office to get feedback on their written work pre-submission and engage in peer support to develop stronger teacher materials.
- c. National Academy of Advanced Teacher Education:
  - i. This program has invested significantly in support of 21 educator participants over the course of the past 3 summers.
  - ii. Participants spend 10 days in residence at Yale's campus over the summer and 3 days in Wilmington, DE in January. They engaged in deep reflections on their instructional practice as well as their role as campus influencers through a case study method and discussions with peers. Participants in the program were overwhelmingly positive and can name concrete changes they have made to their instruction and ways in which they have led on their campuses.
- d. Partnership with Leadership for Educational Equity (LEE):
  - i. Leadership for Educational Equity focuses on the development of skills and leadership in the realm of policy and advocacy, organizing and politics for members.
  - ii. We have found that some of our most driven, passionate and visionary teachers stop teaching after two years because, with an understanding the challenges their students and teachers face, they wish to make an impact a policy level. The Collective Action work that Leadership for Educational Equity (LEE) is doing with San Antonio corps members and alumni educators is aimed at inspiring our teachers to use their leadership in the classroom as a vehicle through which they can have a voice in the world of policy.
  - iii. This partnership has been in place for three years, with over 120 participants new in 2017-18:
    - 1. 70 + LEE Members
    - 2. Over 50 Community Members
    - 3. 30 of the 70 LEE members have engaged in multiple LEE events this year.

3. Leadership Awards & Funding Resources:

- a. San Antonio has also budgeted funds for the support of individual leadership development pursuits and campus and/or community projects. These are intended to incentivize teachers remaining in the classroom via the opportunity continue their growth and professional development in a way that is motivating and inspiring to them, and to support their efforts to create positive change in their classroom and community.
  - b. As of September 2017, we have supported 46 projects at a cost of \$100,000.
  - c. Some examples of these awards include:
    - i. A teacher at an SAISD elementary school founded a Lego Robotics Club. They entered into Robotics competition and took team field trip to the DoSeum (local children's museum) to further study Robotics.
    - ii. Corp members started the first student council at Young Women's Leadership Academy (YWLA); the sponsor took her council to a training at Trinity University, where they met with other student council officers from around Texas, engaged in training and came back to lead in the 2016-17 school year.
    - iii. One educator sought to increase participation at SAISD Foundations 5k to help promote student and families' health and wellness. With the money, she provided transportation and scholarships for over 30 students and family members provided training leading up to the 5K.
5. Competency & Values Development:
- a. San Antonio continues to provide a variety of competency-based and values-based professional development opportunities for members who continue their commitment as classroom teachers
  - b. We continue to engage with acclaimed professors, educators and facilitators to lead one-off professional development for our alumni still in education (Dr. Christine Drenon, Dr. Michael Scott, and Curtis Acosta).
  - c. Excellent school visits:
    - i. Excellent school visits provide alumni with the opportunity to experience thriving schools and build their vision for their classrooms and schools.
    - ii. We had over 60 total participants in these excellent school visits.
    - iii. Most significantly, a group of twelve corps members and alumni who had all committed to teaching another year in their schools travelled to Albuquerque, New Mexico in Spring 2018 to observe and learn from two excellent schools focused on culturally responsive teaching. Teachers met with school administrators, teachers, and students, and observed classroom instruction and school events over two days. Upon return to San Antonio the participants agreed that it was the best professional development experience they have had in their careers so far and that the visit impacted their vision for their classroom and their teacher leadership on their campuses for the upcoming year.
  - d. One on One coaching for alumni teaching:

- i. Our Director, Alumni Impact and other staff members meet with our current teachers in their second year of their teaching commitment to help them decide how to develop work continuing work within or outside of the classroom..
- e. Engaging CMs as facilitators to grow their professional capacity:
  - i. The region engages current and recent teachers as facilitators for the variety of professional development offerings we provide. So far, there have been twenty-eight unique alumni presenters at TFA or SAISD professional development.
  - ii. This is an intentional culture strategy to increase the presence and profile of alumni who have chosen to remain in the classroom as teachers.
- 6. Educator Appreciation Month
  - a. The intent of our Educator Appreciation Month is to strengthen the ties between our corps members and their colleagues at their campus. We believe that the strength of these relationships can have a direct, positive impact on teacher retention.
  - b. In April 2018, the region hosted a Celebration of Colleagues; each corps member has the opportunity to nominate a colleague who has had a significant and positive impact in his or her development as a teacher. Forty-two educators were nominated and recognized at this event.
- 7. Director of Alumni Impact:
  - a. During the 2017-18 school year, the Director of Alumni Impact broadened the focus from specific targeted intervention with alumni teachers, to include a focused initiative in the development and coaching of school and district leaders.
- 8. Program Innovations:
  - a. Each of the strategies funded by our alumni team will be rooted in our regional vision statement, “We develop leaders at all levels of the system who are **impactful, united,** and **committed** to transforming education in the inner city of San Antonio.”
  - b. In 2018-19, we expanded these alumni supports beyond the classroom. In addition to supporting alumni teachers, we will be designed robust programming and development opportunities for alumni principals, district, and education non-profit leaders. Specifically, we will be launched the Alumni School Leader Network, which focused on developing the coaching and managing capacities of school leaders. We also collaborated with the other Texas regions to create a summit for School Systems Leaders that focused on leadership development and design thinking.
  - c. We engaged in strategic outreach to alumni teachers who had not yet participated in any of the alumni-sponsored programming to strengthen their ties to other educators both within and outside of Teach For America so that they can be recognized and valued for their continued impact through teaching. In 2018-2019, we will work more closely with district offices and campus administration to publicize available professional development as a way of driving even greater interest and participation.

- d. An area of opportunity is focusing recruitment efforts into Teach For America on local talent. We recognized an area of opportunity in this by looking at the number of teachers from our most recent group of alumni who are choosing to teach elsewhere. Of those, eight additional teachers are going to continue teaching in their home states. We plan to continue to collaborate with the Texas recruitment team to ensure that an ever increasing number of corps members who enter our corps have ties to San Antonio or to Texas.

## 2. Appendices

### A. Financial Data (2017-2018)

Note: An overview of our financial model and key definitions are included in our prior report to the Texas Education Agency, November 2016<sup>20</sup>.

Our FY2018 ended on May 31, 2018. Data on sources of funds and expenditures are up to date as of July 15, 2018, and represent preliminary actuals, which may shift as we complete our audit process.

Texas Education Agency

# 2017-2018 Teach For America Final Report

Authorized by General Appropriations Act, Article III, Rider 50, 84th Texas Legislature

The final progress report should provide information to the Texas Education Agency about the current status of the Teach For America Program Grant for project period starting no earlier than September 1, 2017, and an ending date of no later than August 31, 2018. Since the report template is based on information provided by the grantee in the approved 2017-2018 application, grantees should address objectives, activities and funding as written in the application.

<b>Goal 1. Process and strategy for recruiting, selecting, and placing Teach for America corps members to teach students in the Rio Grande Valley, Houston, San Antonio, and Dallas/ Fort Worth Metroplex areas.</b>		
<b>Related Objectives</b>	<b>Completed Activities</b>	<b>Explanation of Variance in original objectives and accomplished objectives</b>
1. Number of corps member participants in Houston, the Rio Grande Valley, and the Dallas/Fort Worth Metroplex area.	<p><b>Houston:</b></p> <ul style="list-style-type: none"> <li>• 2018 corps (1st Year) = 116</li> <li>• 2017 corps (2nd Year) = 85</li> <li>• 2018-2019 School Year <ul style="list-style-type: none"> <li>○ Public District = 44%</li> <li>○ Charter = 54%</li> <li>○ Early Childhood = 2%</li> </ul> </li> </ul> <p><b>Rio Grande Valley:</b></p> <ul style="list-style-type: none"> <li>• 2018 corps (1st Year) = 37</li> <li>• 2017 corps (2nd Year) = 24</li> <li>• 2017-2018 School Year <ul style="list-style-type: none"> <li>○ Public District = 55%</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Houston: 2017 corps: Our corps retention has been an area of focus. We have a few of the 2017 CMs who are slated to return next year or who have already returned to the corps this year. In addition, we had five CMs who had to leave for personal health or unexpected family support roles. The biggest group we are shifting support to are corps members who</li> </ul>

	<ul style="list-style-type: none"> <li>○ Charter = 44%</li> </ul> <p><b>Dallas – Fort Worth:</b></p> <ul style="list-style-type: none"> <li>• 2018 corps (1st Year) = 126</li> <li>• 2017 corps (2nd Year) = 141</li> <li>• 2018-2019 School Year <ul style="list-style-type: none"> <li>○ Public District = 61%</li> <li>○ Charter = 39%</li> </ul> </li> </ul> <p><b>San Antonio:</b></p> <ul style="list-style-type: none"> <li>• 2018 corps (1st Year) = 60</li> <li>• 2017 corps (2nd Year) = 47</li> <li>• 2018-2019 School Year <ul style="list-style-type: none"> <li>○ Public District = 42%</li> <li>○ Charter = 58%</li> </ul> </li> </ul> <p>These are first year (2018 corps) and second year (2017 corps) teachers who began teaching in the 2018-2019 school year, and the percentages in traditional ISDs, charter districts and early childhood centers.</p>	<p>were struggling on their campus, and we have strategies in place this coming year to ensure they get a fuller ecosystem of support. The variance in public district vs charter school was due to the delays that occurred in Houston ISD as they were managing a large budget cut and replacing teachers who were part of a Reduction in Force. This delay made it difficult to increase the percent of our corps going to a public district.</p> <ul style="list-style-type: none"> <li>• Rio Grande Valley: 2017 corps: Our corps size exceeded original goals as we were able to fundraise and reallocate to bring in more corps members. Our target numbers for traditional and charter are almost at goal. When the corps size is relatively small, one person makes a big difference.</li> <li>• Dallas-Fort Worth: 2018 corps:</li> </ul>
--	---	---

		<p>Given the timing of test availability, especially the ELAR 7-12 TExES, many of our incoming cohort were unable to secure a passing exam score in order to enroll in an EPP by the time of the start of our summer training.</p> <ul style="list-style-type: none"> <li>• San Antonio: 2017 corps: Retention is an ongoing area of focus for our region and we have implemented differentiated support for first and second year corps members to support their instructional and emotional needs. That said, there were still several corps members who resigned mid-year. Additionally, at the end of the school year, our public district engaged in a Reduction in Force that led to several corps members losing their jobs. With a few of them we came to the mutual understanding that they should not continue</li> </ul>
--	--	---

		<p>in the corps. The Reduction in Force also accounts for the difference in our placements in charter and public since some corps members that were initially in a public school placement moved to charters over the summer and in the 2018 hiring season, there were fewer positions open in the public school district so more than anticipated went to charters.</p>
<p>2. Percent and number comparison between the target and actual numbers of Teach for America corps members recruited and placed in the Rio Grande Valley, Houston, San Antonio, and Dallas/ Fort Worth Metroplex area.</p>	<ul style="list-style-type: none"> <li>• HOU: <math>116/90 = 128\%</math></li> <li>• RGV: <math>37/25 = 148\%</math></li> <li>• DFW: <math>126/150 = 84\%</math></li> <li>• SAN: <math>60/55 = 109\%</math></li> </ul> <p>These are corps members who started teaching as first year members in Teach For America in the 2018-2019 school year.</p>	<ul style="list-style-type: none"> <li>• Dallas-Fort Worth: 2018 corps: Given the timing of test availability, especially the ELAR 7-12 TExES, many of our incoming cohort were unable to secure a passing exam score in order to enroll in an EPP by the time of the start of our summer training.</li> </ul>
<p>3. Percent and number of Teach for America corps members who are placed in Math, Science, or Bilingual/ESL courses in each of</p>	<p>2017 Houston Corps:</p> <ul style="list-style-type: none"> <li>• Math: <math>23/103 = 22\%</math></li> <li>• Science: <math>13/103 = 13\%</math></li> <li>• BILG/ESL: <math>7/103 = 7\%</math></li> </ul>	<ul style="list-style-type: none"> <li>• Houston: Math: Our districts do have a strong desire for secondary Math and Science teachers. We did have some incoming CMs with STEM backgrounds with</li> </ul>

<p>the targeted areas.</p>	<p>2017 Rio Grande Valley Corps:</p> <ul style="list-style-type: none"> <li>• Math: 3/31 = 9%</li> <li>• Science: 7/31 = 23%</li> <li>• BILG/ESL: 7/31 = 23%</li> </ul> <p>2017 Dallas/Fort Worth Corps:</p> <ul style="list-style-type: none"> <li>• Math: 15/151 = 16%</li> <li>• Science: 27/151 = 18%</li> <li>• BILG/ESL: 19/151 = 13%</li> </ul> <p>2017 San Antonio Corps:</p> <ul style="list-style-type: none"> <li>• Math: 13/57 = 23%</li> <li>• Science: 11/57 = 19%</li> <li>• BILG/ESL: 6/57 = 11%</li> </ul> <p>Additionally many of our TX corps members get certified in ESL as a supplement to their generalist certification during their time in the corps.</p> <p>*This is in addition to the 2nd year corps members already in place and reported on in the 2016-2017</p>	<p>competitive other offers. We are continuing to ensure that our CMs during matriculation get a chance to hear from other STEM majors who have made an impact in the corps and to support CMs with their content exams.</p> <ul style="list-style-type: none"> <li>• Rio Grande Valley: Math: The math content exam has proven to be challenging. We are focused on ensuring strong test preparation so that we are well positioned to recruit and prepare strong math candidates moving forward. BILG/ESL: We saw an increase in need for secondary English ESL candidates and were able to fill that need by ensuring that CMs aimed at both content and ESL certification.</li> <li>• San Antonio: We had one member of the 2017 cohort switch content over the summer unexpectedly; this teacher taught Math in 17-18, but this year has moved to teach social studies to replace a teacher who left.</li> </ul>
----------------------------	---	---

	final progress report.	
<p>4. Percentage of principals who rate their level of satisfaction with Teach for America corps member's performance at above average or higher.</p>	<p>In 2017, The RAND Corporation conducted our bi-annual survey of partner principals. One item principals responded to included: "To what extent do you agree with the following statement? I am satisfied with the Teach For America corps members in my school."</p> <p>Results from the 2017 Survey:</p> <ul style="list-style-type: none"> <li>● Houston: 77% agreed</li> <li>● Rio Grande Valley: 90% agreed</li> <li>● Dallas - Fort Worth: 88% agreed</li> <li>● San Antonio: 74% agreed</li> </ul>	<ul style="list-style-type: none"> <li>● Houston: We have collected informal surveys for the past two years and recognize that our charter districts which have a high percentage of alumni principals hold a very high bar for the performance of our CMs and our support. We have been in close communication with our principals to identify places where we can increase support and communication and believe that we are on track for continued strong partnership and growing MC effectiveness.</li> <li>● San Antonio: We have collected informal surveys for the past two years and recognize that our charter districts which have a high percentage of alumni principals hold a very high bar for the performance of our CMs and our support. We have been in close communication with our principals to identify places where we can</li> </ul>

		increase support and communication and believe that we are on track for continued strong partnership and growing CM effectiveness.
<b>Goal 2. Sustainability of the Teach for America recruitment process.</b>		
5. Percent and number of participating corps members provided guidance, resources, and mentoring as appropriate by a local contact.	All corps members receive guidance, resources, and mentoring through a local contact. This is primarily done through our Managers of Teacher Leadership Development MTLD to which each corps member is assigned. More details on the role of the MTLD can be found under question 16.	N/A
6. Average number of hours per week that a participating corps member receives in research-based mentoring from TFA staff or local school district.	All corps members receive 1-2 hours per week (on average) of TFA mentoring, observation, prof. development, or workshops.	N/A
7. Percent of corps members who earned a State of Texas Teaching Certificate after the second year in each of the targeted areas.	<ul style="list-style-type: none"> <li>• HOU: 100% of teachers completing two years of service earned their teaching certificate.</li> <li>• RGV: 85% of teachers completing two years of service earned their teaching certificate.</li> <li>• DFW: 100% of teachers completing two years of service earned their teaching certificate.</li> </ul>	<ul style="list-style-type: none"> <li>• Rio Grande Valley: Some of the variance here is due to the fact that some of our school districts do not mandate that CMs be certified. Additionally, certification is challenging for us to track when the certification process is handled by a third party. We are working closely</li> </ul>

	<ul style="list-style-type: none"> <li>• SAN: 90% of teachers completing two years of service earned their teaching certificate.</li> </ul>	with all of our district partners and our regional certification partner to streamline communications and expectations.
8. Percent and number of recruits that complete the specific program/training in Math, Science, or Bilingual/ESL in each of the targeted areas.	<p>2017 Houston Corps:</p> <ul style="list-style-type: none"> <li>• Math: 23/103 = 22%</li> <li>• Science: 13/103 = 13%</li> <li>• BILG/ESL: 7/103 = 7%</li> </ul> <p>2017 Rio Grande Valley Corps:</p> <ul style="list-style-type: none"> <li>• Math: 3/31 = 9%</li> <li>• Science: 7/31 = 23%</li> <li>• BILG/ESL: 7/31 = 23%</li> </ul> <p>2017 Dallas/Fort Worth Corps:</p> <ul style="list-style-type: none"> <li>• Math: 15/151 = 16%</li> <li>• Science: 27/151 = 18%</li> <li>• BILG/ESL: 19/151 = 13%</li> </ul> <p>2017 San Antonio Corps:</p> <ul style="list-style-type: none"> <li>• Math: 13/57 = 23%</li> <li>• Science: 11/57 = 19%</li> <li>• BILG/ESL: 6/57 = 11%</li> </ul>	<ul style="list-style-type: none"> <li>• Houston: Math: Our districts do have a strong desire for secondary Math and Science teachers. We did have some incoming CMs with STEM backgrounds with competitive other offers. We are continuing to ensure that our CMs during matriculation get a chance to hear from other STEM majors who have made an impact in the corps and to support CMs with their content exams.</li> <li>• Rio Grande Valley: Math: The math content exam has proven to be challenging. We are focused on ensuring strong test preparation so that we are well positioned to recruit and prepare strong math candidates moving forward. BILG/ESL: We saw an increase in need for secondary English ESL candidates and were able to fill that need by ensuring</li> </ul>

	<p>Additionally many of our TX corps members get certified in ESL as a supplement to their generalist certification during their time in the corps.</p> <p>*This is in addition to the 2nd year corps members already in place and reported on in the 2016-2017 final progress report.</p>	<p>that CMs aimed at both content and ESL certification.</p> <ul style="list-style-type: none"> <li>San Antonio: We had one member of the 2017 cohort switch content over the summer unexpectedly; this teacher taught Math in 17-18, but this year has moved to teach social studies to replace a teacher who left.</li> </ul>
<p>9. Retention rate of Teach for America corps members placed in each of the targeted areas.</p>	<p>Houston</p> <ul style="list-style-type: none"> <li>2016 Corps: 85/102 (83%)</li> <li>2017 Corps: 91/106 (86%)</li> </ul> <p>Rio Grande Valley</p> <ul style="list-style-type: none"> <li>2016 Corps: 39/40 (98%)</li> <li>2017 Corps: 29/31 (94%)</li> </ul> <p>Dallas-Fort Worth</p> <ul style="list-style-type: none"> <li>2016 Corps: 169/187 (90%)</li> <li>2017 Corps: 141/154 (92%)</li> </ul> <p>San Antonio</p> <ul style="list-style-type: none"> <li>2016 Corps: 66/75 (88%)</li> <li>2017 Corps: 50/58 (86%)</li> </ul>	

	Total retention across all regions = 668/753 (89%)	
<b>Goal 3. Teach for America’s pre-service training will prepare corps members to be effective teachers and leaders.</b>		
10. Percent of corps who have receive content-specific professional development and training in the targeted areas.	All corps members receive content-specific professional development and training both during their pre-service training and during the school year.	N/A
11. Percent of students served by Teach for America corps members who demonstrate student achievement in Math, Science, and Bilingual/ESL (if applicable) in each of the targeted areas.	<p>To report on this outcome, we use the following method:</p> <ol style="list-style-type: none"> <li>1. For grades/subject where there is a STAAR Index 1 performance standard: the % of students in Teach For America classrooms who attained approaches grade level proficiency on Index 1 STAAR performance standard.</li> <li>2. For grades/subject where there is a STAAR Index 2 growth goal: the % of students in Teach For America classrooms who met/exceeded their Index 2 growth goal.</li> </ol> <p><b><i>Results summarized below in Table.</i></b></p>	

<p>12. Aggregated data on the percent of economically disadvantaged students served by Teach for America corps members who demonstrate improvement in student achievement in each of the targeted areas</p>		<p>Teach for America cannot differentiate student achievement data based on students’ economic status; since we do focus our partnership with districts and schools on low-income students as a rule, we are reporting on the aggregate achievement of all students.</p> <p>To report on this outcome, we use the following method:</p> <p>1. For grades/subject where there is a STAAR Index 1 performance standard: the % of students in Teach For America classrooms who attained approaches grade level proficiency on Index 1 STAAR performance standard.</p> <p>2. For grades/subject where there is a STAAR Index 2 growth goal: the % of students in Teach For America classrooms who met/exceeded their Index 2 growth goal.</p> <p><b><i>Results summarized below in Table.</i></b></p>		
	2017-2018 Results	TFA-Texas (2017-2018)	Goal	

	Index 1: Approaches Grade Level (All Subjects)	70%	65%
	Index 1: Approaches Grade Level (Math)	75%	70%
	Index 1: Approaches Grade Level (Science)	75%	70%
	Index 1: Approaches Grade Level (BILG/ESL)	62%	61%
	Index 2: Met or Exceeded Progress (All Subjects)	58%	52%
	Index 2: Met or Exceeded Progress (Math)	62%	57%
	Index 2: Met or Exceeded Progress (BILG/ESL)	48%	46%
13. Number of Teach for America graduates in the state who are employed by a public school district or charter, by school year. Include length of service, job title, district or charter campus of current employment, and district or charter campus to which the graduate was initially assigned.	1,919 Teach For America alumni in Texas working for a public school district or charter <ul style="list-style-type: none"><li>Additional detail included as <a href="#">Attachment A</a>.</li><li>Data pulled from alumni database, and informed by Winter 2017/2018 Teach For America alumni survey and ongoing one – one meetings.</li></ul>	As we continue to refine our alumni records, we have de-duplicated records for alumni that may report multiple employers; this has reduced our overall count of alumni employed by a public school district or charter. However, the sum total of all alumni and corps members in Texas remains above 4,500.	
14. Number of Teach for America graduates in the state who are no longer employed by a public school district or charter, and length of service. Provide reason for leaving public school	1,868 Teach For America alumni in Texas who are no longer employed by a public school district or charter <ul style="list-style-type: none"><li>Additional detail included as</li></ul>	Upon further investigation of our survey data and alumni database, we found that we have not consistently inquired as to the reason for leaving public school employment over our 25 year history and	

employment as applicable based on available data surveys and rate of response.	<p><a href="#">Attachment B.</a></p> <ul style="list-style-type: none"> <li>Data pulled from alumni database, and informed by Winter 2017/2018 Teach For America alumni survey and ongoing one – one meetings.</li> </ul>	<p>are therefore unable to report on this detail.</p> <p>As we continue to refine our alumni records, we have de-duplicated records for alumni that may report multiple employers; this has reduced our overall count of alumni no longer employed by a public school district or charter. However, the sum total of all alumni and corps members in Texas remains above 4,500.</p>
<p>15. Demographic information on Teach for America first and second year corps members and graduates to include birthdate, gender, race/ethnicity, institution of higher education where undergraduate degree was earned, undergraduate major, and the educator preparation program enrolled in.</p>	<p>4,505 Teach For America corps members and alumni in Texas</p> <ul style="list-style-type: none"> <li>Additional detail included as <a href="#">Attachment C.</a></li> <li>Data pulled from corps member and alumni database, and informed by application information, and Winter 2017/2018 Teach For America alumni survey and ongoing one – one meetings.</li> </ul>	<p>Upon further investigation of our alumni database, we discovered we do not track educator preparation program in a consistent manner across regions or across time.</p> <p>That said, our current program partners are:</p> <ul style="list-style-type: none"> <li>Houston: Teaching Excellence, Houston ISD Alternative Certification Program</li> <li>RGV: Project PaCE</li> <li>DFW: Southern Methodist University; Texas Wesleyan University</li> </ul>

		<ul style="list-style-type: none"> <li>• San Antonio: Teacher Orientation and Preparation Program</li> </ul>
<p><b>16. Please describe the process used to monitor the corps members' progress through this time period.</b></p> <p>The primary avenue of our corps member progress monitoring occurs through our regional Teacher Leadership Development staff, specifically our Managers, Teacher Leadership Development (MTLD). By September 1, each corps member is assigned to a MTLD cohort and each MTLD works to ensure a strong foundational relationship with each corps member in their cohort. Additionally, early in the start of the school year/grant year, the topics of focus are: setting measurable academic and personal student goals; developing and implementing strong systems and procedures for classroom operation; developing and cultivating strong classroom culture of achievement; developing and executing on rigorous, objective-based instruction. Through this time, MTLDs are collecting data on the progression of development of each corps member, as well as the rigor of academic instruction, and the culture of achievement in each classroom. Additionally, as it becomes available, a MTLD will monitor the achievement/mastery of students based on objective-based assessments, either as developed by a school/district or in partnership between the MTLD and corps members. The engagement between MTLD and corps member continues through the entire school year, with meaningful interactions happening on a 3 – 5 week basis, or as needed and determined by developmental needs of students and corps members.</p>		

**17. Include a list of the participating campuses and the number of corps members in each of the targeted areas.**

The following lists provide participating campuses and the number of 2017-2018 corps members placed. Note: "Number of Corps Members Placed" includes only first year teachers in 2017-2018 and does not include first year teachers in 2016-2017 already reported on in the Final 2016-2017 Program Report.
